IBRA International Bone Research Association

15 YEARS

OUTSTANDING EDUCATION SINCE 2004!

Program

IBRA SCIENTIFIC EDUCATION

IBRA Satellite Symposium

On the occasion of the XXI Congreso Internacional de la Asociación Latinoamericana de Cirugía y Traumatología Bucomaxilofacial, Cancún, México

Orthognathic Surgery and TMJ

December 3, 2019
Cancún, México

Cancún International Convention Center

Room: Costa Maya 1

Time: 16:40 – 18:30 h

Chairmen:
Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland

CIALACIBU 2019
XXI Congreso Internacional de la Asociacion Latinoamericana de Cirugia y Traumatologia Bucomaxilofacial

IBRA International Bone Research Association

IBRA is a financially independent, internationally oriented non-profit organization, for specialized clinicians and research scientists. IBRA's core activity is the future-oriented advancement of bone-tissue research and management focusing particularly on:

- Bone biology, including osteointegration, bone generation and soft tissue reaction
- Maxillofacial and orthopaedic rehabilitation
- Materials research including hardware development
- Biomechanics
- Tissue engineering
- Surgical procedures & clinical management

IBRA encourages the development of innovative solutions in a friendly, loyal atmosphere. Future-oriented open-mindedness and international acceptance form the basis for first-rate assistance in realizing modern research projects and promoting individual careers. As an international forum reaching across geographic and cultural borders, IBRA offers an up-todate network for the exchange of experience and knowledge in applied bone and tissue research.

History

IBRA was founded in Zurich, Switzerland on September 25, 2004 at the initiative of eighteen forward-looking clinicians. Its primary aims are the exchange of professional knowledge, promotion of new scientific developments, engineering of the musculoskeletal system, coordinated multi-centre research and highly specialized advanced training.

Research Support

IBRA offers financial support for research projects dealing with bone biology and the improvement or development of internal fixation devices for maxillofacial and limbs surgery. With the emphasis on innovation and suitability for practical application, 95% of the research budget goes towards applied research and clinical studies and 5% towards basic research.

Education

IBRA's education area offers clinicians special courses on the application of specific methods of treatment. IBRA's particular concern is to train tomorrow's highly qualified research scientists. IBRA enhances its members' qualifications through a scholarship program.

Tuesday – December 3, 2019

Orthognathic Surgery and TMJ

Cancún International Convention Center
Room: Costa Maya 1
Time: 16:40 - 18:30 h

Chairmen: Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland

Faculty: Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland
Prof. Dr. Marcelo Marotta Araujo, São José dos Campos, Brazil
Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Prof. Dr. Luciano del Santo, São Paulo, Brazil

Program

16:40 – 16:45	Introduction	*A. Neff* *P. Jürgens*
16:45 – 17:05	TMJ aspects in orthognathic surgery – what about the evidence?	*A. Neff*
17:05 – 17:25	TMJ pathologies – when and how to treat	*M. Marotta*
17:25 – 17:45	Facial asymmetries and TMJ disorders: When and how to treat?	*L. del Santo*
17:45 – 18:05	Computer assisted surgery and new techniques: Will they benefit the TMJ outcome?	*P. Jürgens*
18:05 – 18:30	Panel discussion, Q&A	*all*
