

## **Program**

## **IBRA Satellite Symposium**

On the occasion of the 35° Congresso Nacional Asociacion Colombiana de Cirugia de la Mano 28 a 31 de agosto de 2019, Cartagena, Colombia

## What you should know about scaphoid and distal radius!

August 28, 2019 Cartagena, Colombia Centro de Convenciones Las Américas

Chairmen Wolfgang Hintringer, Wien, AT Hermann Krimmer, Ravensburg, DE

Congress President Luis Felipe Náquira Escobar, Medellín, CO

**IBRA** is a financially independent, internationally oriented non-profit organization for specialized clinicians and research scientists. IBRA's core activity is the future-oriented advancement of bone-tissue research and management focusing particularly on:

- Bone biology, including osteointegration, bone generation and soft tissue reaction
- Maxillofacial and orthopaedic rehabilitation
- Materials research including hardware development
- Biomechanics
- Tissue engineering
- Surgical procedures & clinical management

IBRA encourages the development of innovative solutions in a friendly, loyal atmosphere. Future-oriented open-mindedness and international acceptance form the basis for first-rate assistance in realizing modern research projects and promoting individual careers. As an international forum reaching across geographic and cultural borders, IBRA offers an up-todate network for the exchange of experience and knowledge in applied bone and tissue research.

#### History

IBRA was founded in Zurich, Switzerland on September 25, 2004 at the initiative of eighteen forward-looking clinicians. Its primary aims are the exchange of professional knowledge, promotion of new scientific developments, engineering of the musculoskeletal system, coordinated multi-centre research and highly specialized advanced training.

#### Research Support

IBRA offers financial support for research projects dealing with bone biology and the improvement or development of internal fixation devices for maxillofacial and limbs surgery. With the emphasis on innovation and suitability for practical application, 95% of the research budget goes towards applied research and clinical studies and 5% towards basic research.

#### Education

IBRA's education area offers clinicians special courses on the application of specific methods of treatment. IBRA's particular concern is to train tomorrow's highly qualified research scientists. IBRA enhances its members' qualifications through a scholarship program.

## Faculty

# Chairmen

Wolfgang Hintringer, Wien, AT Hermann Krimmer, Ravensburg, DE

### **Congress President**

Luis Felipe Náquira Escobar, Medellín, CO

(in alphabetical order)

Eva-Maria Baur, Murnau, DE
Maurizio Calcagni, Zurich, CH
Orlando de la Cruz, VE
Luis Alejandro Garcia, Bogotá, CO
Daniel Herren, Zurich, CH
Wolfgang Hintringer, Vienna, AT
Meisser Alberto Lopez Cordoba, Medellin, CO
Luis Felipe Náquira Escobar, Medellín, CO
Hermann Krimmer, Ravensburg, DE
Fabio Suárez Romero, Bogotá, CO

## Wednesday – August 28, 2019

## All around scaphoid

Time: 7:30 - 9:30

Room: Jochen Gerstner Lecture Room

7:30 – 7:45	Biomechanics of the scaphoid	Wolfgang Hintringer Vienna, AT
7:45 – 8:00	Treatment of scaphoid fractures	Hermann Krimmer Ravensburg, DE
8:00 – 8:15	Scaphoid non union – what is more important, stability or vascularity?	Daniel Herren Zurich, CH
8:15 – 8:30	Scaphoid plating an alternative for avascular fragments?	Maurizio Calcagni Zurich, CH
8:30 – 8:45	Scaphoid non advanced collapse – what to do?	Luis Felipe Náquira Escobar Medellín, CO
8:45 – 9:30	Discussion and cases	all

## Wednesday – August 28, 2019

## All about radius fractures - Part I

Time: 10:00 - 11:30

Room: Jochen Gerstner Lecture Room

	Biomechanical considerations and treatment based classification in radius fractures	Wolfgang Hintringer Vienna, AT
	Plate selection according to IBRA classification?	Hermann Krimmer Ravensburg, DE
0:30 – 10:45	Volar or dorsal access - what is better?	Fabio Suárez Romero Bogotá, CO
	Rim fractures – an indicator for complex instabilities	Orlando de la Cruz VE
1:00 - 11:30	Discussion and cases	alı

## Wednesday – August 28, 2019

## All about radius fractures - Part II

Time: 13:30 - 15:30

Room: Jochen Gerstner Lecture Room

13:30 – 13:45	Arthroscopic assisted reduction of rac fractures	dius Eva-Maria Baur Murnau, DE
13:45 – 14:00	Accessory lesions in radius fractures (SL- DRUJ)	Luis Alejandro Garcia Bogotá, CO
14:00 – 14:15	Principles of corrective osteotomy – posttraumatic and congenital	Hermann Krimmer Ravensburg, DE
14:15 – 14:30	RSL Fusion after failed radius fractures	Meisser Alberto Lopez Cordoba Medellin, CO
14:30 – 14:45	Wrist arthrodesis	Hermann Krimmer Ravensburg, DE
14:45 – 15:30	Discussion and cases	all

### IBRA - a unique international network in research and continuing education

Our aim is to promote the exchange of professional knowledge, provide highly specialized medical training and encourage research as well as new scientific developments.

#### Core activities

- · Global grid of IBRA Training Centers
- · Courses, workshops and webinars
- International scholarship program
- Research grants

## IBRA Membership – Your future is in your hands!

Take advantage of our innovative hands-on training courses and connect with like-minded experts worldwide.

#### **IBRA Basic Membership**

The gateway to the IBRA affiliation

- Worldwide networking (Members and Training Centers)
- · Regular updates on events
- Access to our database of materials and recorded webinars
- Free of charge

#### IBRA Full Membership

Shaping our organization in various functions

All Basic Membership benefits plus:

- Prioritized access to IBRA research grants and scholarships
- Considerably reduced course fees (50%)
- Voting rights at the General Assembly
- Development opportunities within IBRA (e.g. speaker, course chair, Training Center)
